<p>Make a List!</p>  <p>List words to describe snowballs:</p> <p>round cold fun</p>	<p>Make a List!</p>  <p>List words to describe icicles:</p> <p>shiny</p>	<p>Make a List!</p>  <p>List words to describe gloves:</p> <p>soft warm cosy</p>

The fox is on the
box. The elf is on
the bed. The zip is
on the hat.

Put a circle around the things that have 'sh' in them.

 <p>shells</p>	 <p>fish</p>
 <p>ship</p>	 <p>shark</p>
	 <p>moth</p>

Arrange these words into a full sentence.

We walk the can dog.

We can walk the dog.

Arrange these words into a full sentence.

He in is bed. a

He is in a bed.

Place the letter cards on to the snowflakes to build the word.

c a t

Place the letter cards on to the snowflakes to build the word.

b o x

Make a List!

List words to describe snow:

col white

Make a List!

List words to describe snowflakes:

white

Make a List!

List words to describe trees in winter:

bare

Make a List!

List words to describe snowflakes:

col white

Make a List!

List words to describe icicles:

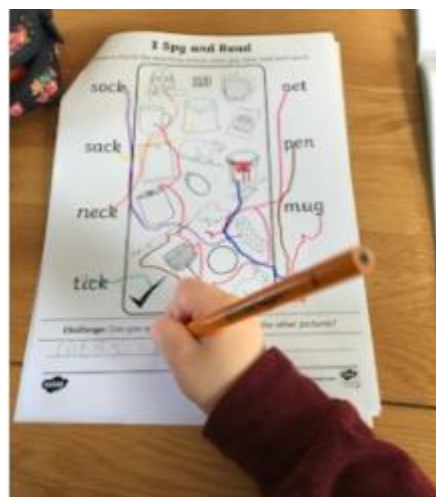

thin

Make a List!

List words to describe gloves:

warm

It has a grey knit bag.

Wednesday

It looks a bit foggy.

Eric has gone over the vowels in blue.

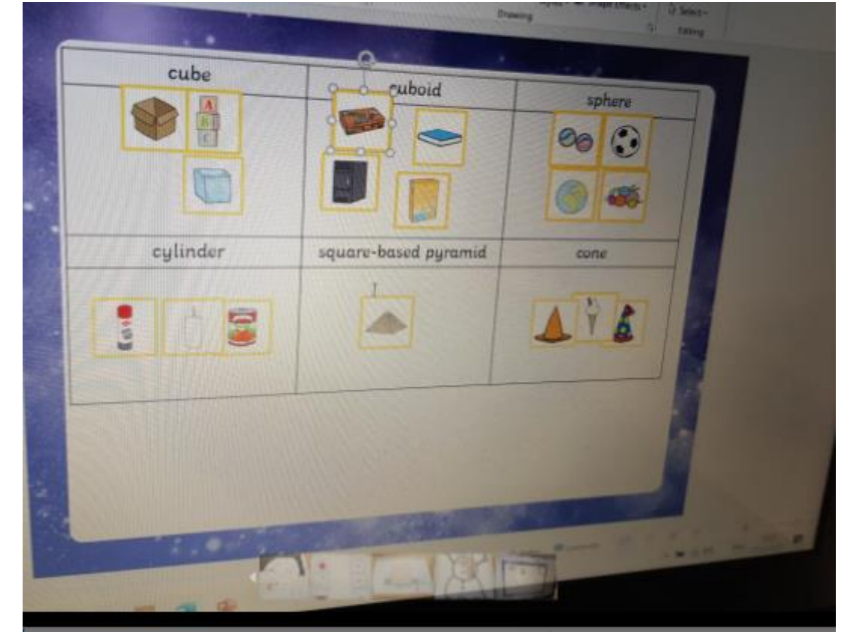

A goat eats grass

A star is bright

The sea is sleepy

A farmer feeds cows.

Look and say	Look, say and write	Cover and write
he	he	he
she	she	she
we	we	we
me	me	me

All about a cube

A cube is a 3D shape. It is solid.
 A cube has 6 square faces.
 It has 8 vertices. These are the corners.
 It has 12 edges and they are all the same.
 If your grown up can help, use the net to make your own cube to find the vertices, faces and edges.
 Here are some things with are a cube.

Can you find any more in your house? Draw or write them below.

Ordering Numbers 1 to 10

Cut out the cards and order the numbers from the smallest to the biggest.

This week's work 😊
-Special friend work
-3D shape jobs

Some of our blog interaction and work this week!
