3:30pm – 4:45pm
All welcome – stalls,
games, food and more!

School Platinum Jubilee Day

On Thursday, we had great fun celebrating the Queen's Platinum Jubilee with a school fun day. The children completed a range of jubilee crafts and activities, before a picnic lunch and a special visit from an ice-cream van. Everyone has contributed to time capsules which we will be burying in the school grounds for future generations to open. We finished with an assembly and the singing of the National Anthem. Each child in school has received a book to commemorate the Queen's Platinum Jubilee.

Thank you to everyone who entered our "Jubilee Bake Off" and congratulations to our winners, Esmi, Ezra and Sonny!

School will close today for half term and reopen on Tuesday 7th June for the final half term of this academic year. We hope you get the chance to celebrate the Queen's Platinum Jubilee with friends and family.

Mrs Swallow, Head of School

We Keep Children Safe By...

...providing them with Water Safety Training.

On Monday, a volunteer from the Canal and River Trust came into school to deliver water safety workshops to each year group. These workshops taught children about staying safe in and around water as well as what to do in a situation where they or someone else may need help.

The workshops were interactive and engaging and the children really enjoyed them. Each child was given an activity and information booklet following the workshop, look out for this in their bookbags!

Please see attached to this newsletter details about a water safety poster competition. The closing date is 3rd June 2022.

Chat Around the Table

Our 'Chat Around the Table' this week links to The Queen's Platinum Jubilee. Follow the link below for a child-friendly video about the Jubilee:

<https://www.youtube.com/watch?v=mLDvLtLqQfA>

- Why not encourage your child to verbally retell the story?
- How do the characters' feelings change at different points in the story?
- Which London landmarks can they spot?

Uniform and Lost Property

Our lost property pile is growing! We appreciate that it is frustrating when your child does not come home with all the uniform they went to school in (this is usually cardigans and jumpers) but it is extremely difficult to return missing uniform if it is not named. Help us to return any lost uniform to the right child by ensuring all your child's uniform is clearly named.

Thank you for your cooperation!

Non-Uniform Day – Friday 17th June

Our Non-Uniform Day where children are asked to bring a bottle for our June Fayre has been moved to **Friday 17th June**. Children can bring fizz, wine, pop, bubble bath etc!

A Big St Andrew's Welcome to Reverend Stephen!

This week, we welcomed Reverend Stephen to lead our Wednesday Worship. We thank him for his time and look forward to more Worships with him after half term.

Active Calderdale – Your Views Matter

Help Calderdale to improve the lives of those most in need with the Active Calderdale Your Views Matter survey.

No matter how active you currently are, this is your opportunity to express how you feel about being active in your local area so that the right changes can be made to support you, your friends and your family.

The survey takes 10 minutes to complete and can be found here: <http://activecalderdale.org/YourViewsMatter2022>

Complete the Your Views Matter survey before 6th June 2022 to be in with a chance of winning FIVE £50 Love2Shop vouchers!

Bouncy Castle Obstacle Course

As part of our June Fayre on Thursday 23rd June, we have hired a bouncy castle obstacle course! The bouncy castle will be at school for the whole day so it can be used by the children in school time as well. Please look out for a permission slip in your child's bookbag the first week back; in order for your child to have a turn, we **MUST** have received their permission slip back before Thursday 23rd June.

In order for children to use the bouncy castle in school time, we are asking for a £1.50 contribution per child. More information about making a payment will be on the permission slip.

We are really excited and can't wait to see the children enjoying this!

No Permission = No Bounce

SEND and AP Green Paper Review

The changes they want to make to the special education needs and disabilities (SEND) and alternate provision (AP) system in England.

All parents and carers are encouraged to send individual responses to the [DfE consultation](#) to express their views. Please be mindful that the deadline for this is Friday 22nd July.

Please follow the links below for more information.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1073623/SEND_Review_consultation_Easy_Read.pdf

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1063620/SEND_review_right_support_right_place_right_time_accessible.pdf

Volunteers for June Fayre

We are looking for volunteers (parents, grandparents, carers) to help run a stall at our June Fayre from 3:10pm and clear up at 4:30pm on **Thursday 23rd June**. If you are interested in helping, please use our texting service to send us a message and we will get back to you as soon as possible. Please let us know by Friday 10th June.

Thank you in advance!

After School Clubs – Summer 2

An email containing the Microsoft Form about the clubs we're offering next half-term has been sent today. Please complete this by Monday 6th June. We will let you know by text which club/s your child has a place in in the first week back. Please be mindful that payments for clubs will be due by **Friday 10th June**.

Reception Computer Legend – Walt Disney

Walt Disney was an American animator, film producer, voice actor and writer. He is most famous for creating the Walt Disney Company and several different cartoon characters.

Did you know, Walt Disney did the voice of Mickey Mouse?

Why not log onto Purple Mash, make your own cartoon and add animation and sound? Just search E-book!

Follow the link below to watch a video of how cartoons used to look and sound; can you talk about what has changed compared to today's cartoons?

<https://www.youtube.com/watch?v=BBgghnQF6E4>

Year 1 Computer Legend – Elon Musk

Elon Musk is a South African-born American entrepreneur and businessman who founded X.com in 1999 (which later became PayPal), SpaceX in 2002 and Tesla Motors in 2003. Musk became a multimillionaire in his late 20s when he sold his startup company, Zip2.

Did you know, Elon Musk sent a Tesla Roadster to space?! He surprised the world by sending his Red Roaster sports car into space on a SpaceX Falcon Heavy Rocket, the car has since travelled more than 377 million kilometres from Earth and is currently closer to Mars! Follow the link below to see how he did it!

<https://www.youtube.com/watch?app=desktop&v=2P2WRF3Znsw>

Year 2 Computer Legend – Ada Lovelace

Ada Lovelace was one of the most influential mathematicians and English writers of her time. She wrote instructions for the first computer program in the mid-1800s. She also wrote the program for Charles Babbage's mechanical computer, the Analytical Engine.

Did you know, there is also a computer programming language which is named in Ada Lovelace's honour. It was developed in the 1970s by the US Department of Defense.

Follow the link below to find out more about Ada Lovelace!

Magical Maths

This week, we have celebrated the Platinum Jubilee in school so for this week's Magical Maths we have some Jubilee themed activities.

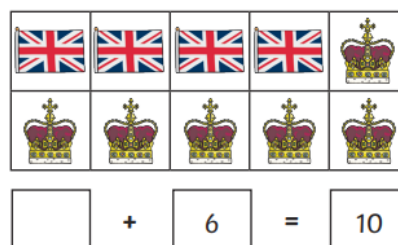

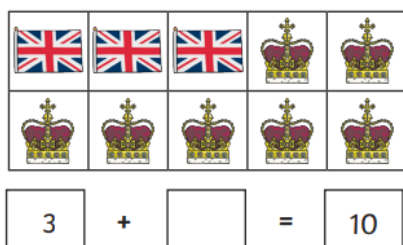

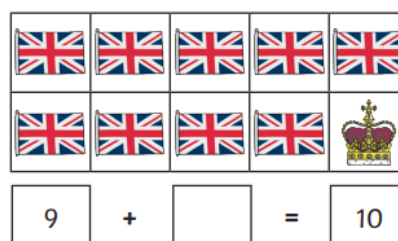

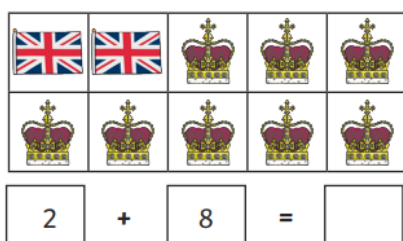

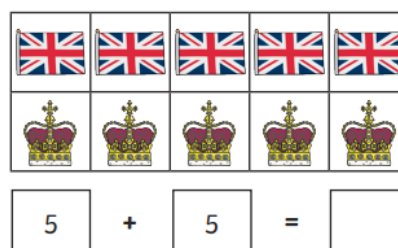

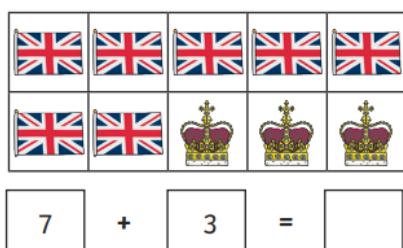

Missing numbers

The children can count and fill in the missing numbers. They can count forwards and backwards to help their understanding. The children in year 1 and 2 could also count in 2s, 5s and 10s (again both forwards and backwards).

Number bonds

All the children need to know their number bonds to 10, fluently. These number relationships are crucial in children developing their number sense and they need to be able to recall these rapidly. The children in Year 1 and 2 could also use these facts to tell you about bonds to 20 and 50. The children in Year 2 can also discuss how these bonds help them find bonds to 100 using multiples of 10 (the numbers in the ten times table).

Dear God,

You made me to jump for joy,
to sing happy songs, to run fast, to climb high, to spin and twirl.

You made me to dance with excitement, to clap with thanks,

To laugh lots, to shout loud, to be brilliant me!

Amen

OUR SCHOOL VISION

Promoting excellence within a
caring, Christian community

Confident - We embrace challenge and
persevere

Aspire - We aim high

Respectful - We are friends and
cherish God's world

Inclusive - We welcome everyone and
are all of equal worth

Nurturing - We look after each other
so we can all flourish

Generous - We give to each other and
our community

"Love each other as I have loved
you."

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one of many issues which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

ONLINE SAFETY FOR UNDER 5s

10 Top Tips for Parents and Carers

According to Ofcom's most recent research, a significant proportion of children are already online by the time they start school, with 17% of 5-year-olds owning their own mobile phone and 50% using messaging platforms. As becoming familiar with technology is generally encouraged in younger children – and has been essential for education during the pandemic – it is crucial that trusted adults recognise both the benefits and the risks of infants and toddlers using digital devices. We've compiled our top tips to help the under-5s start their online safety journey.

- USE DEVICES TOGETHER**
This lets you monitor and control what your child is using the device for. It also provides the interaction that supports children's understanding of what they're seeing – allowing them to ask you questions, and so on.
- ACTIVATE PARENTAL CONTROLS**
Most digital devices have built-in parental controls that can limit the type of content children have access to. If your little one uses any device (even borrowing yours), it's a good idea to explore what controls the device has and enable them whenever they have access to it.
- MANAGE SCREEN TIME**
This can be tricky, especially if your child is interested in a certain video, app or game. Try to agree on some ground rules and get your child into a routine which includes certain times of the day when they go without devices.
- TALK ABOUT BEING SAFE ONLINE**
Just like we teach children about being safe in the real world, we need to educate them about how to stay safe online. Use age-appropriate language to help them understand, and plenty of hand gestures can reinforce what you're telling them.
- SET A GOOD EXAMPLE**
Children often learn by watching and copying those around them, and using digital devices is no exception. When you're around your child, try to follow the same rules that you've set for them. Let them see you balancing your time online with interacting with people in real life, too.
- PARENT CODE: *******
- BLOCK IN-APP PURCHASES**
If your child uses a device that's linked to a payment method (such as a bank card), use the parental controls to block buys from app stores, as well as in-app purchases. That will prevent your child from accidentally spending money while on your device.
- CHOOSE SAFE APPS AND SITES**
There are some fantastic apps and platforms that are specifically designed to be safe for children. Always check the PEGI age rating before downloading an app, and test it yourself before allowing your child to use it.
- INVOLVE THE FAMILY**
If your toddler has older siblings, it's likely that their rules for device use will be different – and that they'll access content that isn't appropriate for younger ones (a particular worry if they share devices). Encourage the whole family to be good role models and help little ones stay safe online.
- IF IN DOUBT, ASK**
The easiest way to find out what your child is doing online is usually just to talk about it with them. Developing an open dialogue at an early age helps them grow up feeling able to talk to you about their digital life – providing opportunities to intervene if you're concerned.
- SUPPORT CREATIVE & ACTIVE PLAY**
Physical and creative activities are important for a child's wellbeing, and there are plenty of ways to incorporate technology into that. For example, you could encourage games that require physical movement; dance and sing along to songs your child loves; and follow step-by-step crafting videos.

Meet Our Expert
Konstantina Moustaka is a professional development and EYF coordinator at an 'outstanding' nursery school in London. She has been working as a nursery and early years practitioner, both in the UK and internationally, for the past 16 years.
